ABILITY

We grade our rides from 1 to 5 as an indication of the level of difficulty. On all Bigfoot Bike Club rides no-one gets left behind. If necessary we will stop and regroup at suitable points. We also give an indication of when we expect to return.

1. Easy paced ride suitable for all levels including beginners. Stops to regroup, for punctures and refreshments and to admire the view.
2. Easy to medium paced ride suitable for all levels, no major difficulties in terrain or hills. Stops to regroup, for punctures, refreshments and to admire the view.
3. Medium paced ride - suitable for regular riders. Some technical sections and/or hills. Stops to regroup, for punctures and refreshments.
4. Medium to fast - suitable for regular riders and training. Technical sections and/or hills. Stops to regroup and for punctures.
5. Fast - suitable for regular, fitter riders and training. Technical sections and/or hills. Stops to regroup and for punctures.
